15. Multidisciplinary / interdisciplinary

.Multidisciplinary approach is a method of curriculum integration that highlights the diverse perspectives that different disciplines can bring to illustrate a theme, subject or issue. In a multidisciplinary curriculum, multiple disciplines are used to study the same topic.

Through a multidisciplinary approach, a student gains an arsenal of skills—problem-solving, critical thinking, time-management, self-management, communication and writing, analysis and research methodologies, team work, and much more—that are easily transferable across work environments.

16. Academic bank of credits (ABC):

The management and verification of student credits is made easier for the teachers. The primary goals of ABC to encourage student-centered learning , emphasise student-friendly teaching strategies ,Use an interdisciplinary strategy ,Permit students to take the most interesting courses possible and Give pupils the freedom to study at their own pace . ABC can be considered as an authentic reference to check the credit record of any student at any given point in time. Thus, the concept of ABC is fuel to boost the efficiency of faculty and help students embrace a multi-disciplinary educational approach. The idea is to make students "skillful professionals" and help their overall growth.

17. Skill development:

When we consider the skill gap that is affecting employability in every sector, recalibrating the educational ecosystem becomes significant. This skill gap exists across multiple industries, including IT, manufacturing, and so on. Surprisingly, it also accuses businesses of failing to provide on-the-job training. Hence, to fill this void, the mentoring platform comes as a blessing to help individuals not only achieve but surpass their personal and professional goals. Furthermore, it also encourages solutions to fill in the skill gap for future growth

18. Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course)

To make youth aware of the vast repositories of ancient traditional knowledge in India and clearly map this knowledge with modern scientific advancement and technologies. The students should document and showcase local traditions and practices using multi-media content like photographs and short videos accompanied with an explanatory text that gives details of their history, significance, applications, and benefits. Youngsters should be highly encouraged to collaborate with elders of their family and community

19.Focus on Outcome based education (OBE):Focus on Outcome based education (OBE):

Outcome-based education focuses on results rather than learning processes. Students are given clear objectives and regular evaluations of progress, and they receive personalized feedback on how well they have achieved those goals. The key to success in outcome-based education is clarity, for both teachers and students to understand what's expected of them. Outcome-based education aims to create a clear expectation of results that students must achieve. Here, the outcome includes skills, knowledge and attitude.

20.Distance education/online education:

Distance learning is a broader term which at its simplest refers to studying remotely from the college. Online learning is therefore technically a form of distance learning, but the term is more commonly used to refer to courses where the teachers or tutors are separate to the students. Online learning is where all the course content is provided online through the Internet. The content could include recorded lectures, videos, PowerPoint slides, study manuals, recommended reading and self-assessment exercises.

2.5 - Evaluation Process and Reforms

2.5.1 - Mechanism of internal assessment is transparent and robust in terms of frequency and mode. Write description within 200 words.

The college has transparent and robust evaluation process in terms of frequency and variety. In order to ensure transparency in internal assessment, the system of internal assessment is communicated with the students well in time. The Principal holds meetings of the faculties and directs them to ensure effective implementation of the evaluation process. At the entry level, admissions are given purely on merit basis and the lists of merit students are displayed on Notice board. Students who are admitted for the concerned course are assessed continuously through various evaluation processes at college and University level. Continuous evaluation is made through Group Discussion, Unit Tests, Assignments Submission, Field Visit / Field Work and Seminars Presentation. Unit tests are conducted regularly as per the schedule given in academic calendar. The weightage for the unit tests varies as per the concerned faculty. The performance of the students is displayed on the Notice board and communicated to the students. Personal guidance is given to the poor performing the students after their assessment. Students appearing for Second

/third year are asked to deliver the seminars of the concerned subject. Topics are given by their teachers to the students to prepare for power point presentation.

7.1.8 - Describe the Institutional efforts/initiatives in providing an inclusive environment i.e., tolerance and harmony towards cultural, regional, linguistic, communal socioeconomic and other diversities (within 200 words).

To build a nation of youth who are noble in their attitude and

morally responsible, the college organizes and conducted several activities to build and promote an environment for ethical, cultural, and spiritual values among the students and staff. To develop the emotional and religious feelings among the students and the faculty, commemorative days are celebrated on the campus with the initiative and support of the management for not only recreation and amusement but also to generate the feeling of oneness and social harmony. The institution believes in equality of all cultures and traditions as is evident from the fact that students belonging to different caste, religion, regions are studying without any discrimination. Though the institution has diverse socio-cultural background and different linguistic, we do not have any intolerance towards cultural, regional, linguistic, communal socio economic and other diversities. The college and its teacher and staff jointly celebrate the cultural and regional festivals, like New-year's day, teacher's day, orientation and farewell program, Induction program, oath, plantation, Women's day, Yoga day, etc. Motivational lectures of eminent persons of the field are arranged for all-round development of the students for their personality development and to make them responsible citizens following the national values of social and communal harmony and national integration.

7.1.9 - Sensitization of students and employees of the Institution to the constitutional obligations: values, rights, duties and responsibilities of citizens

In Govt. College Bahadurgarh, we believe in giving holistic all round education to the students. And sensitizing students on our constitutional rights, values, duties and responsibilities is one of the primary educations given at the institute through various means. Sensitization of students and employees of the Institution to the constitutional obligations is done through curriculum as well as through extra-curricular activities. Many of the subjects offered have topics which sensitize the students about the constitutional obligations. All students take a course on Environment studies in their first year which gives them insight into environment acts, wildlife protection act, forest act, global environmental concerns etc. Also lectures are conducted on days of

national importance on various rights, duties and responsibilities of citizen, right to information, sexual harassment, and gender equity.

7.2 - Best Practices

7.2.1 - Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.

I. Participatory management: The college has a good tradition of participatory management. The college works are divided in different college committees consisting of members of teaching staff. A committee independently takes the responsibility to complete the work in consultation of the Principal. This helps in the smooth conduct of college works and provides a sense of responsibility in the staff members. Where possible, the participation of students is also ensured. **II Proctorial Duties :** To maintain discipline in the college staff members are allocated Proctorial duties in their free period. The chief Proctor maintains the overall assignment of duties and maintaining discipline. **III.Basic computer awareness as a part of regular teaching learning activities:** The college conducts a compulsory certificate course in computer awareness and it is helpful to students in learning the basis of computers and in knowing the relevance of computer literacy in day today life.
